

About St. Peter's

St. Peter's Kitchen opened in 1982. Starting out as a soup and sandwich lunch on Saturdays, we have become a full service hot lunch meal program, Monday through Friday.

As of 2020, we average 56,000 meals a year with funding primarily by individual donations.

We serve approximately 150 guests, men, women and children.

Our service is still very much needed, due to Covid this past year, we have increased our food distribution to 2 meals most days.

Other ways we help:

- Food for home from our Food Pantry
- Security Deposit or Rent Help
- Hygiene Products
- Funeral Help and End of Life Program
- Transportation Aid
- Community Garden Growers
- School Backpack Program and Christmas Toy Store Program
